When we developed the first ball in 1894, we didn't follow the competition, we set the standard. We didn't just create the ball, we built a reputation, a legacy. We don't forget where we started, but we plan for the future. We never stop innovating; never stop searching for opportunities to improve, always adapting to meet the changing needs of the player and the game.

For every W and every L, the ball is the constant—something you can always rely on. It holds dreams to something better, an opportunity to escape reality, and it unlocks potential on any stage. No matter the stakes, time, or place I play my best with TF.

TF™ MODEL M™

LEATHER GAME BALL

When we developed the first basketball in 1894, we didn't follow the competition - we set the standard. Over 125 years later, we continue to evolve and innovate alongside the game we've grown with since day one.

Built for a game that champions originality and history equally, the Spalding TF™ Model M™ is constructed from genuine Horween leather - made exclusively for the hardwood. The grip turns butter-soft the more it's used so it can bounce, cross, float, and spin in the hands of the legends who hoop with it.

Bring out the pro in you with the Spalding TF™ Model M™.

KEY FEATURES:

- SUPERIOR GRIP: The Model M™ is wrapped in full-grain, premium leather that softens for superior handling the more it's broken in
 - ELITE PERFORMANCE: Rotationally balanced butyl bladder provides ultimate air retention, and nylon windings provide excellent structural integrity
 - SHOOTER'S TOUCH: Spalding Shooter's Seam™ is designed for instant ball recognition, exceptional control, and precise accuracy
- SIZE 7 / ITEM # 77-015Z
